Notice on the damage from the flood in Thailand

NITTO DENKO Material (Thailand) Co., Ltd. a consolidated subsidiary of Nitto Denko Corporation in the Rojana Industrial Park in Ayutthaya Province located in Central Thailand, is submerged by the flood caused by torrential rainfall since last July.

1. Damages

The 1st floor of all buildings at the premises are presently submerged. Details of the damages are now under investigation. As for the employees, the human damage has not been reported so far. The factory is suspending its operation since October 7.

2. Estimated impact to our business performance

We are now doing our utmost to estimate the impact of the flood to our group companies and business performance. We assure you to immediately advise the findings once it is judged there will be an important change in our forecast.

3. Recovery

We are continuing to investigate details of the damage, but are unable to predict how soon operation will be resumed. We are now requesting recovery of the industrial park to the Thai government, together with the Rojana Industrial Park authority, other companies in the Park.
